About the Authors

Dr.Smitha Rajagopal earned her PhD from the Manipal Academy of Higher Education (MAHE). She holds master's and bachelor's degrees from BMS College of Engineering, Bengaluru, and Presidency College, Bengaluru, respectively. Currently, she is serving as an Assistant Professor at Alliance University, Bengaluru. Her PhD dissertation is a fusion of cloud computing and machine learning, with a focus on deploying a cloud-based intrusion detection and prevention system. She has published her research in esteemed journals while focussing on the domains like Cloud Computing, Machine Learning and Cyber Security. In a relatively short span of time, her work has garnered numerous citations, showcasing its impact. Her H-index reflects a consistent track record of influential research.

Vikas B is currently serving as an Assistant Professor in the Department of Computer Science and Engineering and Director, Academics Affairs at Sreenidhi University Hyderabad. He completed his BTech in 2010 from Sreenidhi Institute of Science and Technology, MTech in 2012 from JNTUH University and earned PGDIPR in 2019 from IGNOU New Delhi. He is UGC NET, TS SET and AP SET qualified in Computer Applications. Presently, he is pursuing his PhD in the field of Deep Learning. His research interests encompass Algorithms, Bioinformatics, Computational Biology,flandflSecurity.

Pradeep Balasubramani is Currently working as an Associate Director in Moodys Corporation. He completed his B.Tech in Anna University. He has 18 years wide experience working in the IT industry in various technologies and projects for the clients across the globe. He is known for driving new initiatives and brining in positive changes in the organizations. He also a strong passion for education and teaching.

Dr.Naladi Ram Babu has over 10 years of academic, research, and administrative experience. Currently, he is working as an Assistant Professor in the Department of Electrical and Electronics Engineering, Aditya University, Surampalem, Andhra Pradesh, India-533437. He was granted two Australian patents and published one Indian patent. He received a Ph.D. degree in Power Systems from the National Institute of Technology Silchar India in 2022, an M.Tech degree in Power and Energy Systems Engineering from the National Institute of Technology Silchar India in 2017, a B.Tech degree in Electrical and Electronics Engineering from Bapatla Engineering College, Bapatla in 2013. He has published about 77 research articles with 25 SCI, 10 Scopus/ESCI in reputed international journals, 8 chapters in a book, 14 Springer book chapters, and 17 IEEE conferences. His research interests include power system control, application of soft computing in engineering, power systems under deregulated AGC, power quality, distribution generation, smart grid, and demand side management.

Dr.N.Krishnaveni is currently working as Assistant Professor in the Department of Computer Science and Engineering, Vel Tech Rangarajan Dr. Sagunthala R & D Institute of Science & Technology, Chennai. She had completed her B. Tech IT and M. Tech IT from Anna University and also, she has completed her Doctoral degree from Anna University,fiChennai. Her area of research includes data mining machine learning andfideepfillearning She has published various national and international journals. She has filed more than 10 nationalfipatents.

Dr.Gayatri Parasa serves as an Assistant Professor in the Department of Computer Science and Engineering at K L University, Vaddeswaram, Andhra Pradesh, India. She earned her Ph.D. in Computer Science and Engineering from Annamalai University, and both her M. Tech and B. Tech from Jawaharlal Nehru Technological University, Kakinada (JNTUK). With over 8 years of teaching experience, she has an impressive academic portfolio with 15 published journal papers and 4 patents. Her research interests focus on image processing, security, mobile computing, and networks
